

INSPIRED BY THE LAND AND SEA

ABOUT US

In 2008 we started making cutting boards based on classic New England nautical style. Simple, clean, and authentic.

Since then, we have branched out to offer 21 theme-based handles to help capture the things you love and celebrate life's meaningful moments.

In 2023, we'll celebrate 15 years of hand crafting our cutting boards in the USA.

We have a wonderful team who works tirelessly to make all this happen and to put the customer first. In 2022, Mia and I welcomed our first son into our lives, and while a lot has changed, much is the same - We still love what we do and working with you to create something special!

Thanks for your trust and partnership along the way.

CRAFTSMANSHIP

Each board is created from the finest maple and mahogany, and goes through a 10-day process from production to finishing. Each board undergoes a 3-day sealing process with 100% food safe mineral oil. This seals and highlights the natural beauty of the wood. While each board is sealed before it leaves our shop, recoating them in mineral oil or butcher block oil periodically is recommended to prolong the life, and enhance the beauty of your board.

** Never soak wooden cutting boards or place them in the dishwasher.

GET ON BOARD

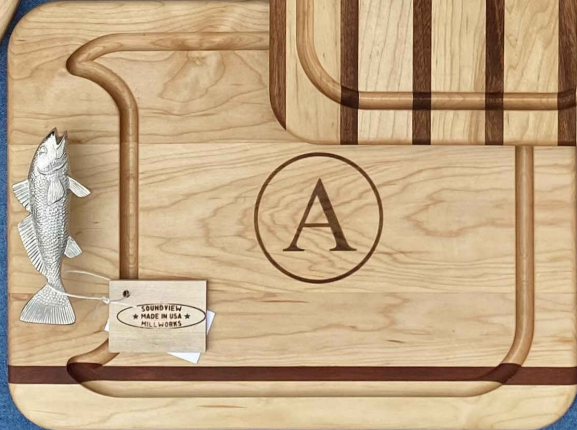

With 21 theme-based handles and hundreds of engraving options, our boards are the perfect platform for creating that unique and thoughtful gift for someone special, or for the person who simply has everything.

THE PROCESS IS EASY AS:

PERFECT BOARDS FOR ALL YOUR SERVING NEEDS 3.

PERSONALIZED JUST FOR YOU
